

Recycle and Upgrade

MF Telecom Services offers a Recycle and Upgrade scheme where you can receive up to £995* towards a new phone system.

We can de-install and remove the system and responsibly recycle or re-use in accordance with our Environmental Policy and the WEEE directive.

Recycle and Upgrade scheme

If your business has outgrown your telephone system or it has been discontinued and is no longer supported by most engineers, it is time to consider an upgrade. Look no further than MF Telecom Services' Recycle and Upgrade scheme where you can receive up to £995* towards a new phone or VoIP system when you trade in yours.

Do you

- have an out-of-date system no longer supported by the manufacturer?
- want to upgrade to a more flexible technology, such as VoIP?
- need a new system with features and options that will keep up with your business needs?

If the answer is **yes** to any of these, email us or call 01892 577 577 to see how much we can give you for your old phone system.

***Recycle and Upgrade scheme terms and conditions**

The Recycle and Upgrade scheme offer is to receive up to £995 for a current business phone system which will be put towards a brand new phone system or set up and installation of a VoIP system with a minimum of seven users. The customer must take out a Business Phone Lines and Calls package with MF Telecom Services. Standard MF Telecom Services Terms and Conditions apply.

These can be found at <http://www.mftelecomservices.co.uk/terms-and-conditions/>. Among other criteria, the credit received for the old phone system is based on the type of phone system, number of lines and phones and the condition of the phones.

MF Telecom Services will consider all makes and models but does not guarantee that all systems will be eligible under this scheme. There is no cash alternative under this scheme. The offer may be amended or withdrawn at any time.
